JEREMY KUSNER...

Turning a dream into a sustainable successful business!

Jeremy Kusner Productions aka JK Productions started 17 years ago in the spare bedroom of Jeremy's house.

Having always loved the fine arts and having a natural technical flair, he started carving out his vision for JK Productions.

Jeremy spent his school holidays backstage at productions and ran his first magic show at the age of 7. His teenage years were spent building and renting out his disco equipment.

After his studies in electrical engineering, he worked in IT, HR automation electronics, Project management and the sound & lighting industry.

While performing and providing technical support at shows after hours he decided to quit his full time job and combine his two passions into one business.

*By putting his name to the company, Jeremy signals his total commitment to its authenticity and most importantly, its clients. **With integrity, honesty and kindness being the cornerstone of his business philosophy** and some old school values, you can be confident that JK Productions is not a fly by night, make a quick buck or flavour of the month type of operation, but rather a company that is built **on passion, honesty, reliability and excellence.***

The unusual combination and talent of both technical and artistic excellence founded in JK Productions by Jeremy, and the solid foundation on which he has built the company, has resulted in a wealth of expertise ensuring complete peace of mind when you book equipment, technical services or entertainment from JK Productions for your next event.

WHAT SETS US APART FROM THE REST?

There are many companies in the events industry these days that promise clients a professional service that includes everything plus the kitchen sink. In our book 'professional service' is not just an overworked advertising cliché. We strive to exceed all your expectations and to translate your visions into reality.

Planning an event is often an emotional and sometimes stressful experience – no one knows this as well as we do! We tend to your dreams with passion, commitment and dedication, whether it is a family fun day, a product launch, a team building event or an end-of-year bash. And you can be rest assured that we leave no stone unturned when it comes to the details.

We work hard, play hard and take our fun very seriously all for our valued clients!

Our professionalism is built on concrete facts and measureable deliverables which include:

- *State-of-the-art equipment sourced from around the world*
- *Constant upgrading of our product inventory and technologies*
- *On-going training and upskilling of our long-serving family of staff members*
- *Our own fleet of branded delivery vehicles*
- *In-house workshops for design and custom manufacturer ability*
- *Attention and focus to safety and health issues.*
- *Customised electronic quoting system and professional office and business IT infrastructure*
- *A large and professional warehouse space & office facilities to operate from.*
- ***Level 2 BEE Status, Regulation and Company Business Practice Compliance.***

AND SOME CUSTOMER REVIEWS...

*"Used numerous times.
Fantastic everytime."*

Debbie Nosworthy

*"Great Service- from booking the event
to delivery and collect of the castle.
The staff are friendly and efficient."*

Natalie Willers

*"I recently used Jk Productions and would highly
recommend others to use their services. The
condition of their equipment was excellent and
the staff so obliging and helpful."*

Ronit Sarakinsky

*"I have used JK for the past 9 years and always
receive excellent service from them."*

Solome Mahomed

*"Dear Jeremy and the team at JK Productions,
we made use of your services for our large
DWR event. This time round we wanted parents
to bring their kids along. From the minute
people walked in and saw the Ferris Wheel,
jumping castle, fire engine, bull ride and all the
other countless activities, they were blown away.
It was so, so special and we had our industry
talking about the event for weeks later! Your
team were professional and friendly, the gear
was clean and in good working order. By having
JK Productions at our event, everyone had a fun
time. We can't thank you enough."*

Sheryn Riley
